Profile

Self taught junior web developer looking for his first job in the profession, with little commercial experience, previously working in the e-commerce and office administration industry

Employment History

Employee of a research and development center/administration specialist, Creator Sp. Z O. O., Wrocław

SEPTEMBER 2020 – MARCH 2023

I dealt with the implementation of orders for components needed for the production of cryochambers, conversations with customers and correspondence. I supervised technical documentation and ISO certification. I also dealt with the assembly and service of devices both in Poland and abroad.

e-commerce employee, Blekmann, Bergen Op Zoom

JANUARY 2020 – AUGUST 2020

I worked in the quality control department, where I checked the compliance of the goods with the stock and descriptions, and when necessary, I trained new employees.

e-commerce employee, Emako.pl, Wrocław

JANUARY 2018 – JANUARY 2020

I was responsible for entering product descriptions and updating them on the store's website, returning damaged goods and making complaints, and restocking new products.

e-commerce employee, Groomershop.pl, Kościan

JANUARY 2016 – DECEMBER 2018

I was a versatile employee of a wholesaler selling pet cosmetics. I served clients both directly and via email or telephone. I dealt with the display of the stationary store and the stocking of products to the warehouse. I updated the website with new product photos and descriptions.

Education

Wyższa Szkoła Bankowa, Wrocław

OCTOBER 2021 – JANUARY 2023

I studied mobile application design, but due to health problems I had to stop studying.

High school, Liceum Ogólnokształcące im. Oskara Kolberga, Kościan

SEPTEMBER 2008 – MAY 2011

Graduated with a high school diploma in humanities

Courses

Frontend basics, Uniwersytet Ekonomiczny we Wrocławiu

JULY 2018 – SEPTEMBER 2018
